

Vaccinations & Requirements

Vaccinations must be administered at least 48 hours prior to arrival under the guidance of a licensed veterinarian. However, we require vaccinations be administered 14 days before check-in in order to ensure maximum efficiency. Written proof is required.

Dog Vaccinations

DAPP*

1 or 3-yr. vaccine required

*Distemper, Parvovirus & Parainfluenza

Bordetella

Required every 12 months, however, we recommend every 6 months & at least 14 days prior to check-in to ensure maximum efficiency & protection against Kennel Cough

Please note: many veterinarians administer this vaccine only by request.

Rabies

1 or 3-yr. vaccine required

Canine Influenza

Not required, but highly recommended to help protect against Canine Influenza respiratory illness. Consult your veterinarian.

Cat Vaccinations

FVRCP*

1 or 3-yr. vaccine required

*Feline Viral Rhinotracheitis, Calicivirus & Panleukopenia

Rabies

1 or 3-yr. vaccine required

Fleas & Ticks

In addition to vaccinations, all pets should be flea and tick free. Canine guests with signs of fleas and/or ticks will be treated at the pet parent's expense prior to check-in. Unfortunately, feline guests with signs of fleas and/or ticks will not be permitted to check-in. All pets must be spayed or neutered to board by the age of 1 year.
